

Manage your energy with My Account

My Account keeps things simple so you can save your energy for what matters.

All your options in My Account:

Know for sure we received your payment. Set up an alert and we'll text or email you when payment is applied.

We'll also tell you when your bill is due or past due. You can even set up an alert to notify you when you've used a certain amount of energy.

Pay online with a debit or credit card (no fee).

Need more time to pay? Set up a Payment Arrangement. You choose how much you can pay each month and how much time you need. See if you're eligible and track your progress in My Account. You may also be able to set up a short-term extension for qualifying bills.

Submit a reconnect request or start service online - no phone call needed.

View past bills online. My Account stores your payment records so you don't need to.

Keep track of your monthly, daily and hourly energy use. As you become more aware of your patterns, you can identify ways to cut back and save.

"My Account gives me a sense of control, knowing I have information at my fingertips."

- William from Cedar Rapids, Iowa
