*This form is to be used to request approval to replace knob and tube wiring in owner-occupied homes, so weatherization measures can be installed. Only homes that can be completed are to receive these electrical measures.*

*A **maximum of \$5,000** can be spent on the home to replace knob and tube wiring. Any additional costs for this work must be paid from other funds (not HEAP, DOE, or Utility funds).*

**Provide a brief description of the work to be done**

**Cost to perform the work stated above**

Are there any repair costs as a result of this work included in the bid amount submitted? If not, what is the estimate cost to complete the repairs?

**Source of additional funds, if the cost is over \$5,000**

*List each funding source and the amount that each source will contribute (General Health & Safety Repairs, HUD, USDA, client contributions, etc.)*

Please email to Chris Bracy for approval at [chris.bracy@iowa.gov](mailto:chris.bracy@iowa.gov).
