**Analysis Key:**

- S = Statistically Significant (RRI value is in Red)
- M = Magnitude of RRI (Compare % is greater than zero)
- V = Volume of Activity (RRI has a value)
- C = Comparative with other jurisdictions (Compare % is greater than 50, except #4 & #8 where value is smaller than 50)
- F = Contextual Considerations - Feasibility (Cases are at least 10% of the total cases in that decision point and the RRI is statistically significant)

**RRI Key:**

- Bold Font:** Statistically significant results
- Regular Font: Results that are not statistically significant
- \*: Group is less than 1% of cases for analysis
- \*\* : Insufficient number of cases for analysis
- : Missing data for some element of calculation

**Notes regarding Compare %:**

- Groupings are to the nearest 5 percent group
- Percentile Groupings are not reported for racial populations in which fewer than 6 jurisdictions reported
- A value of 'zero' means that the data is not present or that it is not reported
- Percentile groupings are relative to the set of jurisdictions (N = 735) which reported data through the OJJDP sponsored DMC web site during 2006-07
